DISCUSSION – Have you heard of Engie? Jot down some ideas about what the organisation does, what products they make... or anything else!

Write your answers in here!

1. Getting thinking

ACTIVITY – Engie has a core purpose to make Zero Carbon happen! Being sustainable at is the heart of all of their services. What is shown in the images below and how do they help this cause?

ACTIVITY – Engie cares about issues such as sustainability. What do you care about? Do you want your employer to have the same values?

Getting thinking...

ACTIVITY - Were you listening?

After you have watched the employer engagement video, you will be asked a number of questions by your teacher. Write your answers below!

1: How much will global energy demand increase by over the next 20 years?

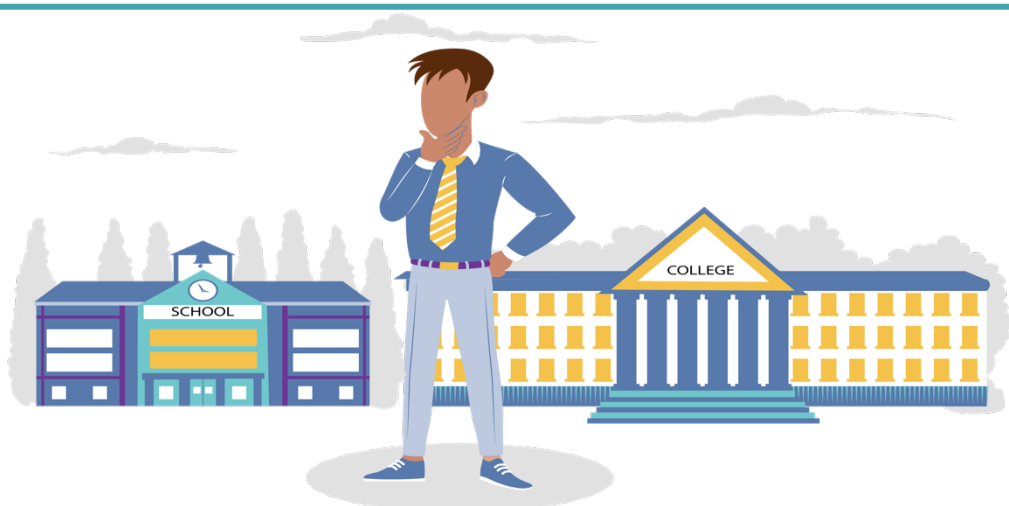

2: What **THREE CHARACTERISTICS** does Engie mention they want from their Apprentices, Graduates and Interns?

3: Many departments are mentioned in the video. Can you name some of them here?

4: How many Apprentices do Engie have across the UK?

5: Engie staff get to volunteer for local causes. How many hours did they volunteer in 2017?

6: Name some of the varying projects that Engie work on here in the UK?

ACTIVITY – Diving Deeper!

Now that you have been introduced to Engie and some of their careers, it's time to find out even more to help you decide if the career path might be right for you.

For this activity you will need access to the internet

1. Go to the Engie Provider Profile on globalbridge. Name are their **THREE** of their areas of business?
2. On their Provider Profile Page, GSK tell you more about the skills they are looking for in employees. Write **FOUR** of these down

THINK! How could you improve in these areas?

3. How many employees do Engie have across the world?
4. There are many different types of Apprenticeships on offer at Engie. Can you name some here?
5. Which other countries do Engie work in? Which of these were they formed in?
